

## 2-Step Verification phone การยืนยันตัวตนด้วยเบอร์โทรศัพท์มือถือ

1. พิมพ์ myaccount.google.com เพื่อไปที่หน้าบัญชีของผู้ใช้งาน

2. เลือกเมนู Security แล้วเลือก 2-Step Verification

### 3. เลือก Add a Phone number

#### ← 2-Step Verification

##### Second steps

Make sure you can access your Google Account by keeping this information up to date and adding more sign-in options

- |   |                            |   |   |
|---|----------------------------|---|---|
|  | Passkeys and security keys |  Add a security key    | > |
|  | Google prompt              |   | > |
|  | Authenticator              |  Add authenticator app | > |
|  | Phone number               |  Add a phone number    | > |
|  | Backup codes               |  Get backup codes      | > |

##### App passwords

App Passwords aren't recommended and are unnecessary in most cases. To help keep your account secure, use "Sign in with Google" to connect apps to your Google Account.

- |               |      |   |
|---------------|------|---|
| App passwords | None | > |
|---------------|------|---|

### 4. เลือก + Add phone number

#### ← 2-Step Verification phones

##### Add more sign-in options to keep access

2-Step Verification is on for this account. Make sure you can continue to sign in by adding more second steps on your 2-Step Verification page now.

Add options

You can add phone numbers to get sign-in codes and security alerts.

+ Add phone number

5. กรอกเบอร์โทรศัพท์มือถือของผู้ใช้งาน แล้วกด Next

The screenshot shows the '2-Step Verification phones' setup screen. A modal dialog titled 'Add a phone number' is displayed in the foreground. The dialog contains the following elements:

- Title:** Add a phone number
- Text:** A phone number can be used to verify it's you when signing in and to receive alerts if there's unusual activity.
- Country Selector:** A dropdown menu showing the Thai flag.
- Phone Number Input:** A text field containing '+66'.
- Text:** You can use a Google Voice number, but you won't be able to receive codes if you lose access to your Google Account. Charges from your carrier may apply. [Learn more about how Google uses this info](#)
- Options:**
  - ☒ Receive codes by text message
  - ☐ Receive codes by voice message
- Buttons:** Cancel and Next

6. ตรวจสอบเบอร์โทรศัพท์มือถือ หากถูกต้องแล้วกด Save

The screenshot shows the '2-Step Verification phones' setup screen. A modal dialog titled 'Confirm your phone number' is displayed in the foreground. The dialog contains the following elements:

- Title:** Confirm your phone number
- Text:** Make sure +66 [redacted] is the number you would like to save. When you need to use your phone number to verify it's you signing in, codes will be sent to this number by text message.
- Buttons:** Back and Save

7. จะมีหน้าต่างแจ้งว่า หากมีการลงชื่อเข้าใช้ ระบบจะส่งรหัสไปยังเบอร์โทรศัพท์มือถือของผู้ใช้ จากนั้นกดลูกศรกลับ

## ← 2-Step Verification phones

You can receive sign-in codes at these numbers. You may have additional numbers that can be used to recover your Google Account. [Manage recovery phones](#)

096 [redacted]

+ Add a backup 2-Step Verification phone

8. ตรวจสอบ Phone number เพื่อนำไปยืนยันตัวตนแบบ2ขั้นตอน

## ← 2-Step Verification

### Second steps

Make sure you can access your Google Account by keeping this information up to date and adding more sign-in options

Passkeys and security keys

Add a security key

Google prompt

Authenticator

Add authenticator app

Phone number

096 [redacted]

Backup codes

Get backup codes

## 9. เมื่อกลับไปเมนู Security ระบบจะแจ้งว่าเราได้ทำการเปิดใช้งาน 2-Step Verification

เรียบร้อย

The screenshot shows the Google Account Security settings page. On the left is a navigation menu with options: Home, Personal info, Data & privacy, Security (highlighted), People & sharing, Payments & subscriptions, and About. The main content area is titled 'How you sign in to Google' and includes a sub-header 'Make sure you can always access your Google Account by keeping this information up to date'. Below this is a list of security settings: 2-Step Verification (On since Jun 18), Password (Last changed Jun 18), Skip password when possible, 2-Step Verification phones (096...), Recovery phone (Add a mobile phone number), and Recovery email (Verify ...@rsu.ac.th). At the bottom, there are buttons for 'Passkeys and security keys', 'Authenticator', 'Google prompt', and 'Backup 2-Step Verification'.

10. ทดสอบลงชื่อเข้าใช้งานที่เครื่องคอมพิวเตอร์ด้วยบัญชีผู้ใช้และรหัสผ่านแล้วจะปรากฏหน้าต่างนี้ (2FA) ขึ้นมา ให้ผู้ใช้งานนำรหัสที่ได้รับในมือถือมาใส่ แล้วกด Next ก็จะสามารถใช้งานอีเมลได้

The screenshot shows the Google 2-Step Verification screen. At the top is the Google logo. Below it is the title '2-Step Verification' and a message: 'To help keep your account safe, Google wants to make sure it's really you trying to sign in'. There is a dropdown menu showing the email address 'rsu.ac.th'. To the right, a message states: 'A text message with a 6-digit verification code was just sent to ... ..96'. Below this is a text input field with the placeholder 'Enter the code' and a 'G-' icon. A checkbox labeled 'Don't ask again on this device' is checked. At the bottom left is a 'Resend it' link. At the bottom right are two buttons: 'Try another way' and 'Next'.
